“ I met Sally on the first day of 5th grade. She was smart, delightful, vivacious and a good pal from then on. I thought her very worldly and sophisticated. (Of course, anyone was compared to me in those days.) I remained in sporadic contact through college (we went to the State Fair together around 1975) but then moved away for graduate school. I was aware of her health issues which my prior memories of her only made that much more tragic in comparison. I am deeply saddened by her passing and hope that she has found peace. May her family be comforted among the mourners of Zion.

“ Dear family of Sally . I want to send to you my heartfelt sympathies for the loss of your Sally. I met her in 7 th grade at Central JR.High School in St. Louis Park. We were in Phy Ed together and other classes in SLP High School as well. I remember how dynamic she was and her great sense of humor! We laughed a lot. She was a great gal ! She had a very positive presence I am so sorry that she suffered in her later years : that makes me sad. I hope she is in a better space now and free from any suffering. May G-d comfort her and May her memory be a Blessing
Most sincerely ,
