“ Where can I begin? We were blessed to have her in our corner. She was the person that we could do,say and get away with things,she still loved us. She was our Auntie Lolly. When I was in 7th grade,a boy in my gym class made fun of me in my swimsuit. She raised hell at the school. Needless to say the boy apologized and never bothered me again.

“ Sal,  
I can not pinpoint a memory of you. Every aspect of my life I have shared with you. What I miss the most is you. Your essence, your love, determination, your laugh, and our inside jokes. I have absolutely no idea how I am going to move forward from losing you.  
Of course I will find a way to keep your memory alive. The kids and I will figure it out. I am just super sad we have to.  
May you rest peacefully. Enjoy your time with Sam and everyone else. Give mom a hug and kiss from me and let her know how much I love her. Give my love to Michele and the rest of the gang.  
Please keep a watchful eye over us. Help mom guide us. I love you my Gangsta G, always and forever!- Julie

“ I will always remember her saying to me, “oh nana girl, I know what it needs, just add some butter”...to which she would proceed to add just a stick of butter to whatever it was we were cooking. “Oh something else?”.. and another stick would go in. I have too many memories to post, but most of them are good ones, and that is what I love about her the most.
