“ Worked with Seymour for seventeen years, at Greyhound Printing, 18 Glenwood Avenue, later 47 Glenwood Avenue. Wonderful man and family! So many stories, I need to write a book! Life with Seymour was always a surprise! He believed the shortest distance between two points was a straight line. If that meant going the wrong way on a one way street or alley, well, that was fine! He knew everyone, and everyday was an adventure! His friends were a Who's Who of politicians, musicians, Business tycoons, or just wannabe's on the up and up! He left keys in car in front of shop all the time. He had an award plaque for a retiring Coach from North High School. We made a picture of it for the program for retirement event. Car was stolen with plaque in it day before party. Police called next morning, car found in St. Cloud. Seymour sent me to get plaque and get back by afternoon retirement event. Drove ninety miles an hour to St. Cloud, rummaged through car and finally found plaque! Drove back to North High and walked in back stage and handed plaque to lady, who handed to man walking up to podium to give speech and present plaque to Coach! Just an ordinary day working with Seymour! Most exciting years of my life! Heaven sure is more exciting now!
